Date of Birth: 16 February 2003

PROFESSIONAL SUMMARY

Front-End Developer and 2025 Information Systems graduate with practical experience building and customizing responsive websites using HTML5, CSS3, and JavaScript. Developed a multilingual personal portfolio featuring animated text, dark/light themes, project filtering, and mobile-friendly navigation. Completed 48 hours of university-led Front-End training with an Excellent grade. Seeking an entry-level Front-End Developer role to build accessible, engaging user experiences.

TECHNICAL SKILLS

Core: HTML5, CSS3, JavaScript (ES6+), DOM manipulation, responsive design, CSS Flexbox, CSS Grid

Tools and workflow: Git, GitHub, VS Code, browser developer tools, GitHub Pages workflow

Additional technologies explored: React, Tailwind CSS

Professional strengths: UI attention to detail, troubleshooting, continuous learning, communication

PROJECTS AND PRACTICAL EXPERIENCE

Personal Portfolio Website - Independent Front-End Project | *2026*

- Built and customized a responsive portfolio with dedicated About, Skills, Projects, Education, Certifications, and Contact sections.
- Implemented Arabic RTL and English, French, and Spanish LTR interfaces, theme switching with localStorage, and JavaScript-based typing animations.
- Added interactive project-category filtering, contact-form validation, navigation behavior, and layouts for mobile, tablet, and desktop.
- Organized HTML, CSS, JavaScript, and image assets in a GitHub repository in preparation for static site publishing.

EDUCATION

Bachelor's Degree in Information Systems - MET | *Graduated 2025*

- Graduation project awarded an Excellent grade. Project topic and technology stack available upon request.

TRAINING AND CERTIFICATIONS

Web Design (Front-End) - Mansoura University, Faculty of Science (in cooperation with ITC) | *2024*

- 48-hour training program, 24 June - 14 August 2024; final grade: Excellent.

Front-End Development Learning - MaharaTech | *Online training*

- Completed Front-End-related courses; specific course titles can be added after certificate verification.

Bahary Youth Training and Community Participation | *2024*

- Participated in an 80-hour youth training program and a separate 16-hour workshop; received participation/appreciation certificates.
